

The Academy of
Palliative Medicine
of India

PG ASSEMBLY

announces.....

We are proud to launch the Postgraduate (PG) Assembly—an exclusive two-day intensive BOOT CAMP designed for final-year MD and DNB Palliative Medicine students across India.

This landmark initiative offers a bridge curriculum to support students transitioning from training to final certification and independent practice.

2-days Workshop

What the PG Assembly Offers:

- Sharpen core clinical and practical skills
- Boost exam confidence and readiness
- Build a strong national peer network
- Learn through interactive, case-based sessions
- Practice with OSCEs, mock vivas, and focused exam prep

Faculty Excellence

Learn from top national faculty—renowned teachers, examiners, and leaders in Palliative Medicine. Sessions are led by experts with rich postgraduate teaching experience, offering focused, practical insights for exam and clinical success.

Key Benefits:

1. Strengthen clinical and procedural skills
2. Practice OSCEs and vivas in exam format
3. Enhance communication through simulations
4. Clarify complex topics and grey areas
5. Learn from real-world case discussions
6. Get expert feedback and mentorship
7. Prep with peers in a focused setting
8. Build a national peer support network
9. Explore career paths post-certification
10. Gain confidence for the final exam

Workshop Details:

Dates: Saturday & Sunday, 20–21 September, 2025
Time: 8:00 AM – 5:30 PM
Venue: Karunashraya, Bangalore
Eligibility: Final-year MD / DNB students in Palliative Medicine
Fee: ₹5,000 per student
(Covers workshop registration only)

PG Assembly

A bootcamp to build essential palliative care practical exam skills through interactive and simulated learning.
